Giving your child a KidStart in life is easy.

Using KidStart is really simple. Just register at www.kidstart.co.uk and add details of your child or children and their savings accounts. You can save into any bank or building society account, JISA or Child Trust Fund. When you shop online, just make sure you click the link to the retailer on KidStart's site first. This will take you to the retailer's regular website where you can shop as normal. We will track your purchase and will add it to your KidStart account within a couple of days.

Read how Nikki and Paul have saved £210 for their daughter Maddie.

"A friend told me about KidStart when I fell pregnant and I registered straight away. My parents are also members and they save for her as well. I shop at Next, Mothercare, Homebase (we've just moved house) and Ebay. I did our RAC membership and not only received some money back for Maddie but also got a saving on our membership"
